The 3-A SSI program gives these future food industry professionals a great opportunity to gain in-depth knowledge about hygienic equipment design in the real world and network with a truly diverse group of industry leaders.”

Recipients of the 2019 awards demonstrated interest and commitment to food safety and quality as a student enrolled full-time in a food technology, food science, dairy science or other closely related program (undergraduate or graduate level) at a college or university in the U.S. or Canada.
